AT A GLANCE

Systems Controls Instrumentations, Inc. (SCII)

is one of the well-known specialized trading companies in the Philippines. With increasing prominence in Metro Manila and a growing network of sub-dealers and industrial partners in all regions, its total turnover exceeded US\$ 2.70 million in 2020.

Under the guidance of our [Lord Jesus](#), the company has grown into a responsible organization that plans for the future and lives in the present, with a watchful eye to the environment, to human resource dignity, and to a society in transformation.

SCII has consolidated identity comprised of Electrical Products, Process Control & Instrumentation, Maintenance & Repair services, Equipment & Machinery, and Security Works employing the highest quality at competitive prices with passion for its work - these values are reflected in the strong and dynamic personality of the brands it represents.

MISSION AND VISION

MISSION

Systems Controls Instrumentations, Inc. (SCII) is dedicated to discovering and delivering “state-of-the-art” products that provide modern solutions to multiple industries that meet and exceed client expectations.

VISION

To be a Philippine and globally recognized leader in the modernization and development of industries in the field of electrical, process control, and automation.

COMPANY VALUES

TEAMWORK

Encouraging individuals to work collaboratively resulting in excellent customer service

LEADERSHIP

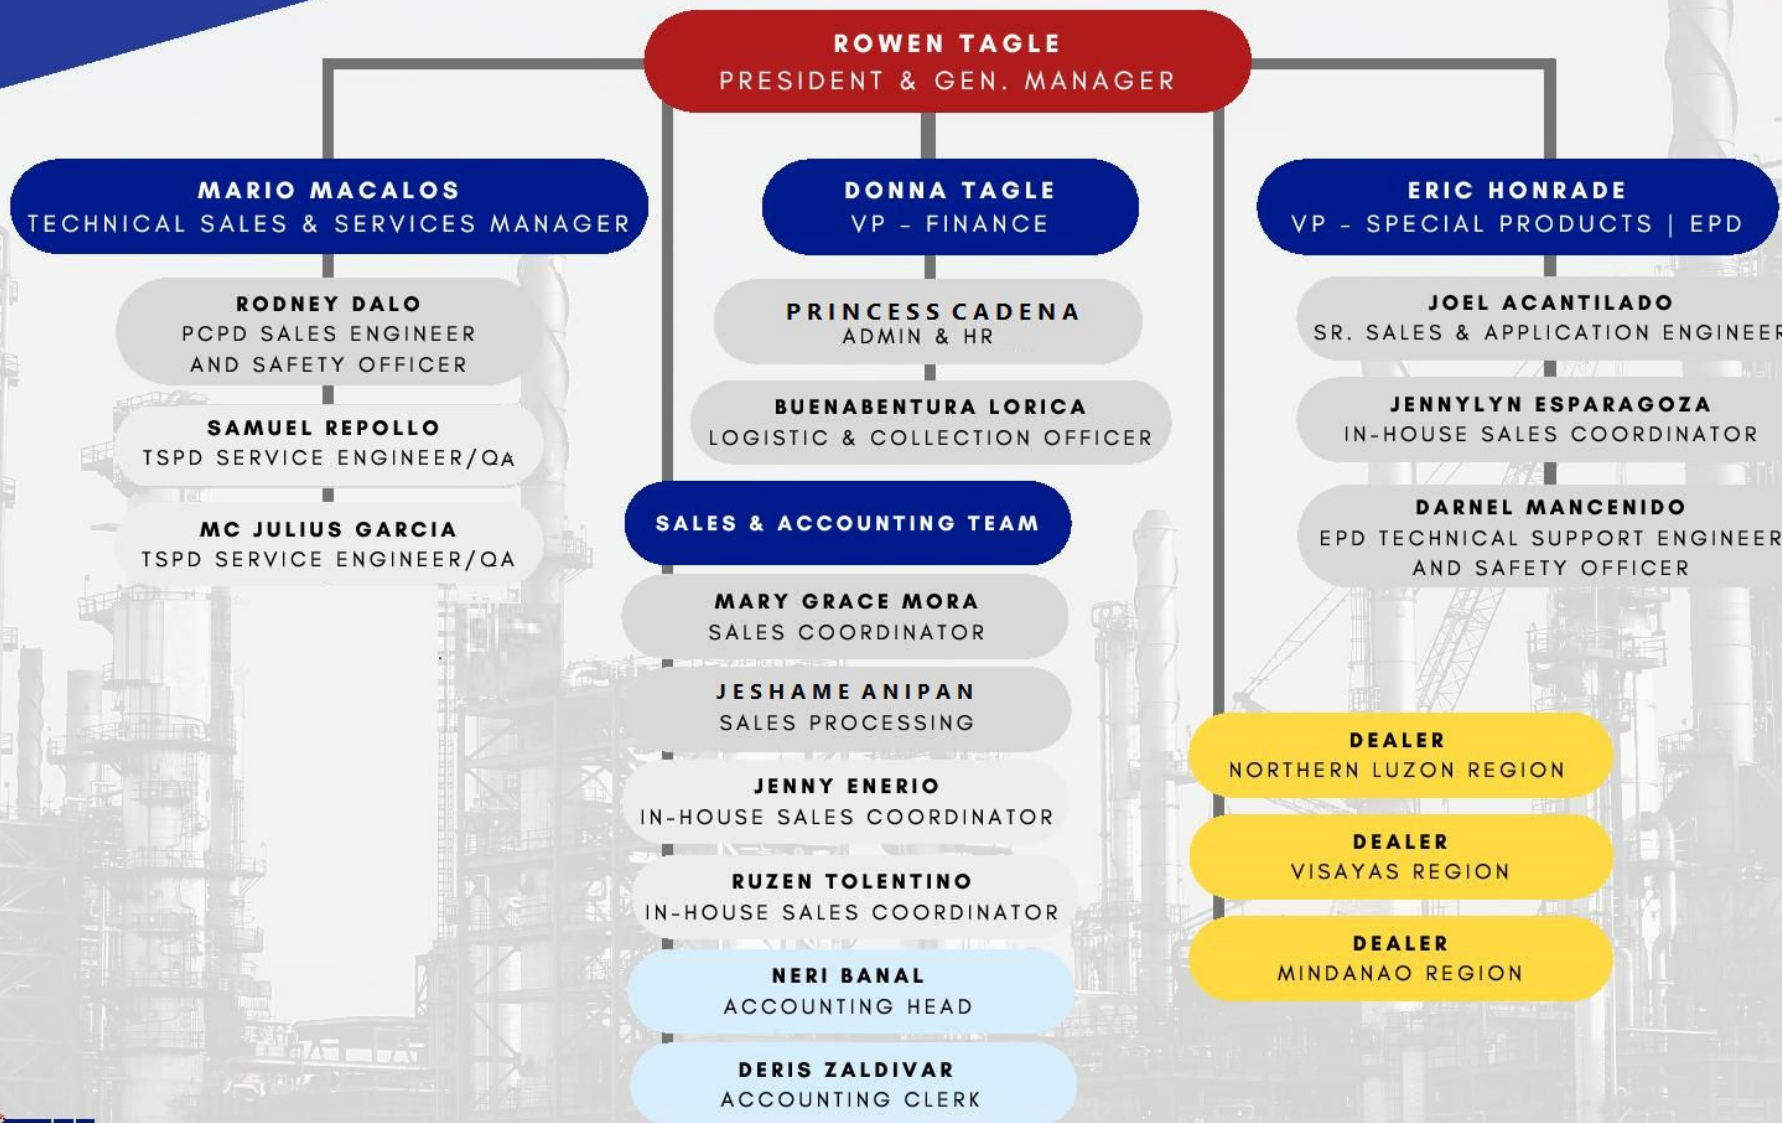

Creating a fulfilling work environment wherein professionals see their full potential

OPENNESS

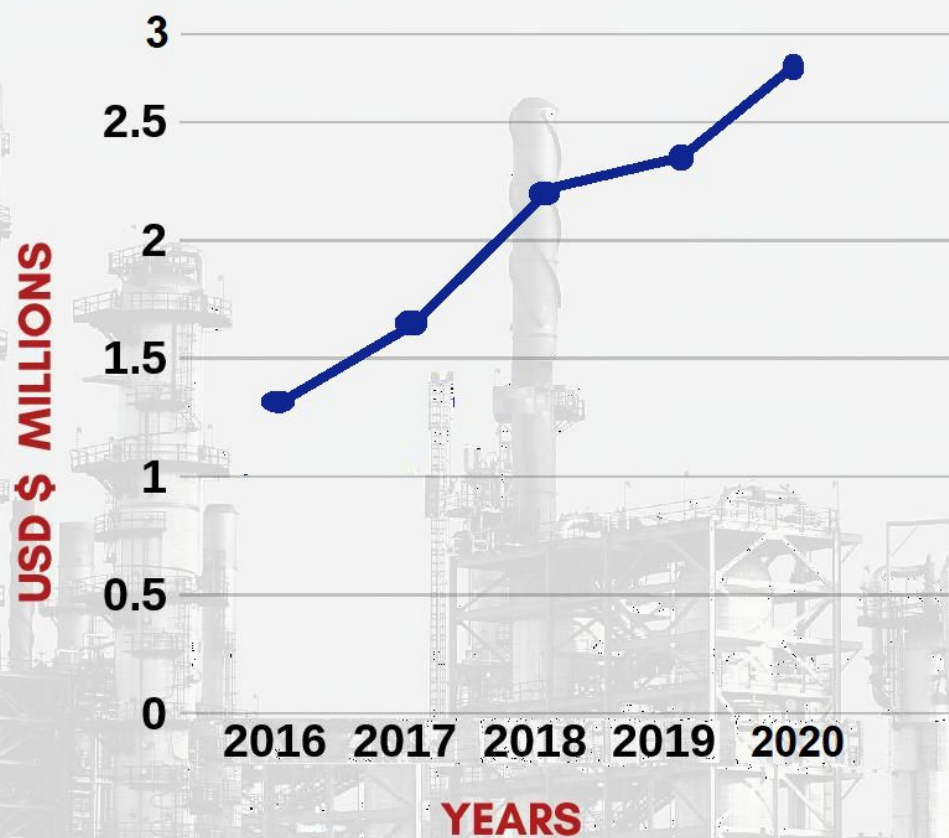

Cultivating great relationships rooted in listening and valuing the opinions of others

ORGANIZATIONAL CHART

SALES PERFORMANCE

SCII continuously attained exemplary results in the fiscal year ending 2020.

From its modest gross contribution of **USD \$ 2,150,000.00** in 2018 to **USD \$ 2,700,000.00** in 2020.

PROCESS CONTROL PRODUCTS

Analog shaft speed sensor
Capacitive sensor
Chart and paperless recorder
Combustion analysis equipment
Conductivity meter
Converter
Desuperheater valve
Differential pressure transmitter
Digital speed switch
Dust monitoring
Ez mounting for speed sensor
Flow transmitter
Flowmeter
Gas analyzer
Gear tooth sensor
Globe valve
Headspace analyzer
High performance butterfly valve
Humidity and temperature transmitter
Hygrometer
Hygro-thermometer

Inductive sensor
Industrial Pumps
Level gauge
Level indicator
Level sensor
Level switch
Level transmitter
Megohmmeter kit
Moisture analyzer
Multimeter
Noise dosimeter
Oscilloscope
PC recorder
pH METER
Photoelectric sensor
Power transducer
Pressure and level transmitter
Pressure gauge
Pressure sensor
Pressure transmitter
Process (in-line) refractometer

Proximity sensor
Reverse rotation detector
Shaft speed sensor
Shaft speed sensor with alarms and
device network interface
Shaft speed switch
Signal conditioner
Slow speed switch
Sound meter
Telemetry system
Temperature controller
Temperature datalogger
Temperature indicating transmitter
Temperature indicator
Temperature sensor
Temperature transmitter
Temperature/humidity datalogger
Thermometer
Triple offset butterfly valve
Ultrasonic sensor
Control valves

ANALYTICAL INSTRUMENTS

Leak Detectors
Analytical Balances
Automation Control
Batch Counter
Circular Chart Recorder
Clamp Meters
Conductivity, Resistivity, and TDS Control
Corrosion Test Chamber
Digital Laboratory Refractometers
Dissolved Oxygen Control
Electrophoresis Systems
Film-permeation analyzer for packaging
Flame Photometer
Function Generators

Gas Analyzers
Gas Mixers
Gauss Meters
Headspace Analyzer
Indicators
Input Output Modules (I/O Modules)
LCR Meters
Leak Detectors
Magnetic Meter Hanger
Oscilloscopes
Permeability tester
Power Meters and Analyzers

Precision Test Instruments
Pressure Regulating Valves
Sensors - pH
Serial Receivers
Solar Analyzers
Steam Handling
Stroboscopes
Surge and Noise Suppressors
Power Conditioners
Tachometers
TDS Testers
Temperature control
Thermocouple Probe
Transmitters - Transducers
Vibration Meters
Viscosity Measurement

SCII PRINCIPALS

ELECTRICAL PRODUCTS DIVISION (EPD)

ELECTRICAL PRODUCTS

AC 50/60 Hz Hipots – Portable
AC Clamp-On Ammeters (with or without
Peak Hold)
AC/DC Voltmeter / Ammeter
Aerial Lift / Bucket Truck Tester
Battery (Industrial Type)
Battery Monitoring System
Breaker Condition Monitor
Bushing Monitoring System
Cable Testers
CDS Series – Bipolar Cable Fault Locator
Check Meter with Remote Communications
Circuit Breaker Test System
CT/PT Analyzer
Data Acquisition System for Substations
DC Battery Distribution System
DC Hipot / Megohmmeter (Combination)
DC Voltmeter
Distribution Automation Controller
Distribution Products
Dissolve Gas Analyzer (DGA)

Electrical Energy Monitoring System
Energy Meter Test Bench
Fault Locator (Traveling Wave)
Fault/Sequence Event Recorder
Global Positioning System, GPS (Time
Synchronizer)
Ground Cable Tester
Ground Clusters
Ground Fault Detectors
High Voltage Instruments
Highly Sensitive UFPA Infrared
HV-VLF AC Sinewave Hipot
Insulation Analyser
Lightning Arrester
Multiple Voltage Megohmmeter
Panel Meters
Partial Discharge Monitoring System
Phase Rotation Indicators
Phasing Meter / Voltage Sensor
Pole Transformer Bushing Guard
Portable Oil Dielectric Test Set
Power Diversion Monitor
Power Quality Analyzer

Power Quality Monitor
Power Quality Monitoring System
Power Quality Software
Power Sight Energy Analyzers
Power and Control Cables
Relay Testing Equipment
Secondary Conductor Testers
Single-Phase Harmonics Eliminating Device
Substation Information Server
Tap Locator
The "Black Box" Surveyor
The Unshielded Secondary Cable Fault
Locator
Transformer Oil Insulation Diagnostics
System
Transformer Oil Treatment and
Regeneration Equipment
Universal Thermal Imager
Utility Buckets, Bags and Pouches
Vacuum Circuit Breaker (VCB)
Voltage Detectors
Winding Resistance Tester

MACHINERY AND EQUIPMENT DIVISION (MED)

EQUIPMENT & MACHINERIES

Automated Optical Inspection

Bare Board Testers

Flying Probe Testers

Laser Soldering Machine

Mini ATE

Bench Top Ultrasonic Cleaners

Industrial Ultrasonic Cleaners

Automation Training Modules

Automotive Training Modules
